How to Register in Orbund

Note: Must be done on a laptop or desktop. Also, please allow a few extra seconds for pages to load due to many users being on the site at the same time.

Adding Classes

Log into your parent account on [Orbund](#).

In the left-side menu, select "Enrollment & Schedules".

Then select "Class Enrollment".

Select your student's name from the drop-down. Double check that you are in the correct semester.

Once you've added classes to this child's schedule, you'll be able to see them here.

Select "add by department" (not "Add by Program"). You can drag the corner to resize the window to see more information.

Choose the appropriate department and then the campus.

Click on the name of the class to read the description.

Check the box next to the class to be added to this student's schedule.

Scroll to the bottom of this window and in the bottom left corner, press "ADD".

When done adding classes, press "CLOSE".

Add additional classes as desired using the same method.

Press "SUBMIT" to save your child's class schedule.

Then, you will be given the option to view your invoice or return to enrollment.

Repeat this process for each student to be enrolled.
